EXPERIENCE

Founder & CEO, PriceKeel

May 2026 - Present

- **Run the company's CRM and CPQ**, forecast and pipeline reviews, and every deal approval end to end, replacing ad hoc sales-data tracking with one system Sales, Finance and leadership all read from.
- **Identified and resolved a recurring issue in deal governance** by building a guardrail engine that recommends an explainable discount boundary learned from each company's own closed-won and closed-lost deals, the kind of best-practice fix a sales ops function exists to ship.
- **Own the audit trail** that gives Finance evidence behind every pricing decision, selling the fix to RevOps, Sales leadership and Finance while running pilots and raising the first round.

Strategic Marketing III, Applied Materials

Jun 2026 - Present

- **Automate recurring sales and market analysis** with AI agents built on Claude, removing the manual pull a product group used to wait on for a fresh view.
- **Partner with Sales, Engineering and Accounts** to analyze business trends in field and technical input, turning them into one forecasting view across multiple product groups, the cross-departmental coordination a sales operations program runs on.
- **Carry P&L and revenue targets** for the role, building leadership decks and running OKRs with weekly and quarterly business reviews.

Pricing Lead, Sensata Technologies

Jul 2025 - May 2026

- **Built the FY2026 Bleeders and Leakers Power BI dashboard** tracking 1,200 pricing opportunities against a \$627M target across 3 regions, 4 product families and 20 product lines, giving leadership one place to read win rate, \$/win and stage distribution by salesperson instead of scattered spreadsheets.
- **Recovered \$700K+ in margin in 2 quarters** by tracing \$433M in dashboard-surfaced gaps to root cause and fixing the underlying pricing process, not just flagging the number up the chain.
- **Raised distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution.
- **Shaped AP26 revenue models** and multimillion-dollar customer quotes with senior executives, and built the leadership decks behind weekly and quarterly business reviews.

Product & Growth Marketing, Sensata Technologies

Sep 2024 - Jun 2025

Customer Success Manager, Pixis (AI Platform)

Jul 2021 - Sep 2022
