EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Sized** the semiconductor market in partnership with Sales, Engineering and Accounts, turning field and technical input into one roadmap view, the same cross-functional alignment a risk product needs across Engineering and Data Science.
- **Forecasts** demand inflection points across multiple product groups with scenario models, so product priorities stay ahead of where the market is moving rather than reacting to it.
- **Automates** repetitive analysis work with AI agents built on Claude, keeping a human in the loop on every output to drive measurable gains in review speed.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Defined and owned the product roadmap** for sensor solutions in automotive and industrial segments; managed a 100+ feature backlog with Engineering in Agile across 3 regions, making speed-vs-coverage trade-offs that accelerated releases 25% and cut time-to-market 20%.
- **Built KPI frameworks** in SQL and GA4 across 50K+ connected industrial devices, defining the success metrics that surfaced high-intent cohorts and adoption signals, lifting feature adoption 18%.
- **Ran 30+ customer interviews** with OEMs and distributors to find pain points, translating findings directly into product requirements that raised CSAT 22%.
- **Owned GTM** for new sensing products across North America and Europe, driving $2M+ first-year revenue by turning technical features into customer value propositions leadership could act on.
- **Built sales enablement** (decks, case studies) for 50+ reps, translating complex product trade-offs into a business narrative that improved win rates 30%.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Built a BU-wide Power BI price-increase model** flagging line items where a change could lift profitability more than 50%, prioritization logic that ranks cases by expected impact the same way a risk model ranks cases by expected loss.
- **Drove +12% YoY revenue and +8% market share** through price realignment built on competitive benchmarking across 10+ key players, the kind of ongoing market and competitor read a risk roadmap needs to stay ahead of where threats move next.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Led bid optimization and A/B testing** across Google Ads, Microsoft Ads, Meta and LinkedIn, running 15+ tests that cut CPA 25% by tuning thresholds between reach and precision.

Customer Success, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Carried P&L and revenue targets** for an 8-client, $15K-$90K/month portfolio, feeding voice-of-customer signal into product and cutting client churn 50% through proactive account strategy.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Ran database audits** and built dashboards that improved data accessibility 30%, and lifted a B2B client's conversion rate 36%.
