EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- **Set up and runs CRM and CPQ configuration** for PriceKeel end to end, including price books and the deal-approval workflow, the same system administration this role owns for Roadrunner and Salesforce.
- **Built the audit trail** that gives Finance an explainable record behind every discount exception before a non-standard deal closes.
- **Runs quote-to-cash** from pricing approval through contract execution while running pilots with early customers and raising the company's first round.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Builds inflection-point forecasting models** for a fast-growing semiconductor market, the same price-book-currency discipline a Deal Desk seat keeps across a non-standard deal's multiple product lines.
- **Automates repetitive analysis work with AI agents built on Claude**, the operating habit a Deal Desk seat would use to keep CPQ, CLM and CRM data hygiene scaling with deal volume.
- **Carries P&L and revenue targets** while building forecasting and market-sizing models across multiple product groups, the cross-functional rigor this role runs with Sales, Finance and Legal on every deal.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Delivered quote-to-signature support** on multimillion-dollar customer quotes, negotiating deal terms and non-standard contract structures directly with Sales and Finance.
- **Recovered $700K+ in margin in 2 quarters** running the Bleeders and Leakers program, reviewing deal-by-deal pricing exceptions against competitive gaps and approval history.
- **Raised distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, then documenting the new discount logic for governance review.
- **Built the FY2026 Bleeders and Leakers Power BI dashboard**, tracking 1,200 pricing opportunities and approval status across 3 regions, 4 product families and 20 product lines.
- **Drove +12% YoY revenue and +8% market share** through price realignment informed by competitive benchmarking across 10+ key players.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022
