Built PriceKeel from zero, owning the product, the pilots and the board/investor narrative with no team to hand pieces to. Bridges Sales, Engineering and Accounts into one view and runs the OKR cadence, leadership decks and weekly/quarterly business reviews behind 2-3 initiatives at a time at Applied Materials, after the same cadence carried a 10-month promotion to Pricing Lead at Sensata. EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- **Runs the company's full agenda alone**: product, pilots and the CRM/CPQ stack, with no team to hand any piece to, the same end-to-end ownership a CEO's office seat is built to extend.
- **Owns the board and investor narrative**, writing the updates and leadership briefings investors read from and turning deal approvals into the operating cadence leadership tracks.
- **Raises the company's first round** from investors while running pilots with early customers, the two workstreams that run side by side at this stage.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Bridges Sales, Engineering and Accounts** into one market view, the cross-functional coordination this seat needs to run across product, sales, marketing, operations and finance at once.
- **Builds leadership decks and runs the OKR cadence** behind weekly and quarterly business reviews, turning strategic priorities into initiatives leadership can track.
- **Carries P&L and revenue targets** for the role, tying forecasting and market-sizing models to the numbers leadership reviews.
- **Automates repetitive analysis with AI agents built on Claude**, the same enterprise-AI fluency behind Scry AI's own conversational AI, document intelligence and cognitive IoT platforms (Auriga, Collatio, Concentio).

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Shaped AP26 revenue models and site-transition strategy** directly with senior executives, the direct-to-leadership operating rhythm this seat runs on.
- **Built the Bleeders and Leakers program** end to end: a dashboard tracking 1,200 opportunities against a $627M target across 3 regions, a lightweight process built from scratch and handed to leadership.
- **Recovered $700K+ in margin in 2 quarters**, raising distributor and channel-partner margins from 53% to 61% through direct negotiation with Sales and Finance.
- **Ran the leadership decks and OKR reviews** that turned the plan into tracked execution, then was promoted to Pricing Lead in 10 months.

- **Owned GTM for new sensing products** across North America and Europe, a new-initiative launch run start to finish, driving $2M+ in first-year revenue.

- **Built and managed a marketing team**, the people-ownership side of running a function end to end.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Hired and managed an 8-person team** running an 8-client portfolio with per-client budgets of $15K-$90K/month, carrying P&L targets.
- **Cut client churn 50%** through account strategy, then built the leadership decks and OKR reviews that kept those accounts on target and reported recommendations to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Connected regional marketing, localization and analytics teams** as the main liaison, the stakeholder-coordination habit a CEO's office seat runs on daily.
