SUMMARY

Marketing operations builder who rebuilt Sensata's **pricing reporting system** from scratch and now automates recurring analysis with Claude AI agents. Built the FY2026 Power BI dashboard that tracked 1,200 pricing opportunities against a $627M target across 3 regions, with win-rate, stage-distribution and regional scorecards baked in, and automated Plug Power's Mar-Tech stack and lead flow to cut cost per lead 50%. Comfortable sitting at the seam between performance, creative and data teams: ran 30+ field interviews, tied SEM spend to MQL quality across 50+ campaigns, and rebuilt a churn-prone account process that cut churn 50%. MS in Marketing Analytics from Simon Business School.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Automates recurring analysis work with **AI agents built on Claude**, turning a manual operational grind into a system that runs itself.
- Builds **forecasting and market-sizing models** across multiple product groups, partnering with Sales, Engineering and Accounts so one number survives contact with every team that touches it.
- Carries **P&L and revenue targets** and drives the weekly and quarterly business reviews that keep leadership decisions moving on a fixed cadence.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Built the **FY2026 Bleeders & Leakers Power BI dashboard** from scratch: 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, with win-rate, stage-distribution and regional scorecards.
- Surfaced **$433M in margin gaps** for leadership to prioritize by salesperson and product line, turning a reporting hole into a tool regional and sales leadership used every week.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Defined **KPI frameworks in SQL and GA4** across 50K+ connected devices, building measurement where none existed and identifying high-intent cohorts that lifted feature adoption 18%.
- Ran 30+ **customer interviews** with OEMs and distributors across EMEA and the US, taking messy field input and turning it into launch positioning that lifted priority-launch conversion 15%.
- Created **sales enablement content** (decks, case studies) for 50+ reps ahead of major launches, lifting win rates 30% without adding headcount to the process.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Automated the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop reporting, then automated the WordPress-to-Pardot lead flow on top of it, cutting cost per lead 50%.
- Owned **$100K/month acquisition budgets** across multiple business units end to end, building the plans and forecasts presented to leadership for approval.
- Tied SEM performance to **MQL quality and stage-1 opportunities** across 50+ inbound campaigns and 15+ A/B tests, giving the team a shared read on what was actually working.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Rebuilt the **account-retention process** after diagnosing the structural problem behind rising churn, cutting client churn 50% through channel diversification and vertical playbooks across an 8-client portfolio.
- Used **Amplitude and Tableau** to analyze user behavior across 30+ campaigns, lifting campaign ROAS 40% by finding which creative and channel combinations actually drove outcomes.
- Hired and ran an 8-person team, **owning budget and vendor relationships end-to-end** for $15K-$90K per client per month across the portfolio while carrying P&L targets.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Bridged **regional marketing, localization and analytics teams** as the main liaison, keeping reporting consistent across regions.
- Audited databases and **built dashboards**, improving data accessibility 30% across the team's reporting stack.
- Closed **SEO gaps** (backlinks, keywords, internal linking, content) surfaced by the new dashboards.

PROJECTS

SwipeHire

- Shipped an **AI job-matching platform** zero-to-one (Python, OpenAI API, React), from PRD to MVP to 50+ early users, owning the system end-to-end.
- Built the **GA4/GTM analytics stack and funnel dashboards** from scratch, running 8+ A/B tests and 12+ user interviews that lifted activation 25%.
