EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Built a **guardrail engine** that scores discount exceptions against explainable logic learned from a company's own closed-won and closed-lost deals, the deal-approval judgment this seat runs on every transaction.
- Designed the **audit trail** that gives Finance evidence for every pricing decision from commercial terms through signature, and set up and run the company's **CRM, CPQ, forecast reviews and deal approvals** end to end.
- Sells the guardrail engine into **RevOps, Sales leadership and Finance** at B2B software companies against legacy CPQ and deal-desk tooling, the same cross-team buy-in an AE, Legal and Operations handoff needs.
- Running **pilots** with early B2B customers and raising the first round, balancing what a seller needs against pricing discipline in every live deal.
- Next build: a **margin layer** on top of the guardrail engine, the same build-new-integrations-as-volume-grows loop this seat owns.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sized the **semiconductor market** in partnership with Sales, Engineering and Accounts, turning field and technical input into one market view.
- Builds **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting inflection points so pricing keeps pace with demand.
- Carries **P&L and revenue targets** for the role, building leadership decks and running OKRs with weekly and quarterly reviews that keep pricing and approval guidance accurate as policy evolves.
- Automates repetitive analysis work with **AI agents built on Claude**, cutting manual review out of recurring deal and pricing checks.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Led **global pricing strategy** for the Industrial BU (a multi-$100M business), recovering **$700K+ in margin in 2 quarters** through the Bleeders and Leakers deal-approval program.
- Built the FY2026 **Bleeders and Leakers Power BI dashboard**: 1,200 pricing opportunities against a $627M target, with pipeline funnel and stage visibility surfacing $433M in margin gaps.
- Raised **distributor and channel-partner margins from 53% to 61%** by repricing parts sold through distribution and updating the underlying contract terms.
- Shaped **AP26 revenue models** and multimillion-dollar customer quotes alongside senior executives, the same non-standard deal review this seat runs day to day.
- Drove **+12% YoY revenue and +8% market share** via price realignment informed by competitive benchmarking across 10+ key players.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, including pricing and channel decisions, driving $2M+ first-year revenue.
- Ran **30+ customer interviews** with OEMs and distributors to test willingness to pay and quantify pricing friction before launch, the same voice-of-customer input that shapes non-standard deal terms.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Owned **$100K/month budgets** across multiple business units, with plans and forecasts presented to leadership for approval.
