## SUMMARY

Founder who built a **B2B SaaS product end to end**, not a strategy-only seat. Owns PriceKeel's guardrail engine, CRM/CPQ, deal approvals and the pipeline behind its first fundraising round. Pairs that with hands-on growth execution (3x ROAS in a month at Pixis) and revenue-program results (**$700K+ margin recovered in 2 quarters** at Sensata). Automates repetitive work with Claude AI agents.

## EXPERIENCE

**Founder & CEO, PriceKeel** May 2026 - Present

- Set up and run the company's **CRM, CPQ, forecast and pipeline reviews, and deal approvals**, connecting product decisions directly to GTM execution.
- Running **pilots** with early B2B customers and raising the company's first fundraising round, taking initiatives from zero to a measurable outcome without delegating the hard parts.

**Customer Success Manager, Pixis (AI Platform)** Jul 2021 - Sep 2022
