EXPERIENCE

Founder & CEO, PriceKeel

May 2026 - Present

- Designed a **decision-integrity layer** for B2B deal pricing from a blank page: scoped the product, built the guardrail engine, and shipped it to early customers running live pilots today.
- Sell directly into **RevOps, Sales leadership and Finance**, the same three-team buy-in a merchant-facing integration needs before it launches, against incumbent CPQ and deal-desk tools.
- Set up and run the company's **CRM, CPQ, and forecast and pipeline reviews**, defining the success metrics that tell the team whether a feature is working.
- Roadmap owner end to end: next build is a **margin layer** on top of the guardrail engine, sequenced from customer pilot feedback.
