SUMMARY

Founder and operator who builds the **working framework** before acting on the mandate. At Sensata, turned a vague margin directive into a $433M whitespace shortlist and $700K+ recovered in two quarters, earning a promotion in 10 months. Founded PriceKeel and built its CRM, CPQ and deal-approval process from zero as a solo operator, now running pilots and raising its first round. Automates repetitive market and competitive analysis at Applied Materials with Claude AI agents, freeing time for the judgment calls that move a cross-functional initiative from idea to outcome. MS in Marketing Analytics from Simon Business School.

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present
- Owns **end-to-end execution** on a decision-integrity layer for B2B SaaS deal pricing with no team to delegate any piece to, turning strategic intent into a shipped product on a weekly plan.
- Built the **CRM, CPQ, forecast-and-pipeline-review and deal-approval frameworks** from zero, the exact "idea to plan to outcome" move a strategic-initiatives seat is graded on.
- Runs **pilots with early customers** and is personally raising the company's first round, the clearest proof of a founder's mindset: think big, move fast, own it all.

Strategic Marketing III, Applied Materials Jun 2026 - Present
- Acts as the **connective tissue between Sales, Engineering and Accounts**, turning scattered field and technical input into one market-sizing view for the global semiconductor business.
- Builds **competitive, value-based pricing** and forecasts market inflection points across multiple product groups, operationalizing a strategic read into a framework before demand catches up.
- Automates repetitive market and competitive analysis with **AI agents built on Claude**, the AI-led efficiency play that buys back time for higher-judgment strategic work.
- Runs the **OKR cadence and weekly/quarterly business reviews** that turn the quarter's priorities into tracked, measurable outcomes against P&L targets.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026
- Turned a vague margin mandate into a **deep-dive analysis across 3 regions and 20 product lines**: built the FY2026 Bleeders & Leakers Power BI dashboard against a $627M target before acting on a single recommendation.
- Surfaced **$433M in margin gaps** for leadership to prioritize, then recovered **$700K+ in margin in 2 quarters** negotiating directly on competitive positioning and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters, closing the loop from analysis to outcome at execution speed.
- Promoted from Product & Growth Marketing to Pricing Lead in **10 months**, shaping AP26 revenue models directly with senior executives along the way.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025
- Owned a **cross-functional GTM launch** for new sensing products across North America and Europe end to end (positioning, pricing, channel), driving $2M+ in first-year revenue with no existing playbook.
- Drove a **100+ feature backlog** with Engineering in Agile across 3 regions, the same cross-functional project ownership a strategic-initiatives seat runs on daily.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023
- Hired and managed **marketing team members**, then built the plans and forecasts presented to the leadership team for budget approval.
- Owned **$100K/month in marketing budgets** across multiple business units, tying every spend decision to a measurable outcome.
- Automated the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop reporting, the same data-driven decision-making discipline a strategic-initiatives seat runs on.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022
- Hired and managed an **8-person team running 8 client accounts** with per-client budgets of $15K-$90K/month, carrying P&L targets while cutting client churn 50%.
- Built **leadership decks** and ran OKRs across weekly and quarterly business reviews, reporting recommendations directly to senior management.
- Used **Amplitude and Tableau** across 30+ campaigns to run the same deep-dive performance analysis this mandate asks for, lifting campaign ROAS 40%.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021
- Acted as the main **liaison across regional marketing, localization and analytics teams**, closing loops no single function owned.
- Ran **database audits and built dashboards**, improving data accessibility 30%, the same data-driven foundation a strategic-initiatives seat depends on.

PROJECTS

SwipeHire
- Shipped an **AI job-matching platform** zero-to-one (Python, OpenAI API, React), hiring and managing the team that got it to 50+ early users.
- Ran **board decks and OKR reviews** (weekly and quarterly) while defining the ICP, positioning and GTM from competitor teardowns.
