EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded and runs **PriceKeel** in a high-ownership seat with no clean lane, moving between strategy and ground-level execution: evaluating new revenue layers (a guardrail engine, now a margin layer) for B2B SaaS deal pricing while running pilots with early customers.
- Owns **investor relations and fundraising** for the company's first round, preparing the investor updates and board-ready materials the round depends on.
- Built the **CRM, CPQ and deal-approval process** from zero and negotiates directly with vendors and early partners, closing the open loops a scaling founder cannot carry alone.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Turns **Sales, Engineering and Accounts** input into one market-sizing view, surfacing whitespace revenue opportunities in a fast-growing semiconductor segment.
- Builds **competitive, value-based pricing models** and forecasts market inflection points, synthesizing data and market signals into one recommendation for leadership.
- Carries **P&L and revenue targets** while running the OKR cadence, leadership decks and the weekly/quarterly business reviews that prepare materials for key meetings.
- Automates repetitive analysis with **AI agents built on Claude**, cutting manual synthesis time out of a recurring reporting cycle.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models and site-transition strategy** directly with senior executives for the Industrial BU, a multi-$100M business, carrying P&L and revenue targets.
- Led the **Bleeders and Leakers program** end to end: turned a vague margin mandate into a $433M shortlist of whitespace opportunities across 3 regions and 20 product lines, prioritized for leadership by salesperson and product line.
- Recovered **$700K+ in margin in 2 quarters** negotiating directly on competitive gaps and customer willingness to pay, raising distributor and channel-partner margins from 53% to 61%.
- Ran **OKRs and leadership decks** across weekly and quarterly business reviews; promoted from Product & Growth Marketing to Pricing Lead in 10 months.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe (positioning, pricing, channel, launch), driving $2M+ in first-year revenue.
- Defined and executed the **product roadmap** across 3 regions, managing a 100+ feature backlog with Engineering in Agile, the same cross-functional project ownership a Founder's Office seat demands.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Hired and managed **marketing team members**, then built the plans and forecasts presented to the leadership team for budget approval.
- Owned **$100K/month in marketing budgets** across multiple business units, negotiating directly with vendors and tying spend to measured performance.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team running 8 D2C e-commerce client accounts**, carrying P&L targets while cutting client churn 50% through proactive account strategy.
- Built **leadership decks** and ran OKRs with weekly and quarterly business reviews, reporting recommendations to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Acted as the main **liaison across regional marketing, localization and analytics teams** for D2C e-commerce brands, closing loops no single function owned.
