EXPERIENCE

Founder & CEO, PriceKeel

- Engineered the **discount guardrail engine and Finance-auditable approval trail** that gives RevOps, Sales and Finance one record of every deal decision, the end-to-end quote-to-cash improvement this role is asked to drive.
- Set up and run the company's **CRM and CPQ configuration**, forecast and pipeline reviews, and deal approvals, selling the same deal-desk discipline to RevOps and Sales leadership against legacy CPQ and deal-desk tooling.

- Build **competitive, value-based pricing** for a fast-growing semiconductor market and forecast its inflection points in partnership with Sales, Engineering and Accounts, the cross-functional deal architecture this role runs on every complex transaction.
