SUMMARY

Founder and operator who has **founded and run a company end to end**, the scope this retail Founder's Office needs. Built PriceKeel from zero: product, pilots, the CRM/CPQ stack, the board and investor narrative, with no team to hand pieces to. Runs the operating rhythm, leadership decks and OKR cadence behind 2-3 initiatives at a time at Applied Materials and Sensata, and brings retail/D2C account depth from an 8-client D2C portfolio at Pixis and D2C e-commerce brands at GenY Medium. Automates the repetitive research behind that work with AI agents built on Claude, and leans on no-code tools to keep a lean office moving fast.

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- **Founded and co-founded PriceKeel** from zero, building the product, the pilots and the CRM/CPQ stack with no team to hand any piece to, the same extra-pair-of-hands range a founder's office seat runs on.
- **Owns the board and investor narrative**, turning forecast-and-pipeline reviews and deal approvals into the operating cadence leadership reads from.
- **Raises the company's first round** from investors while running the pilots, the two workstreams that typically run side by side at this stage.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Runs 2-3 initiatives at a time** across market sizing, pricing and forecasting for multiple product groups, the concurrent-project load this seat describes.
- **Bridges Sales, Engineering and Accounts** into one market view, the cross-functional pull a founder's office seat needs across every function at once.
- **Builds leadership decks and runs the OKR cadence** behind weekly and quarterly business reviews, turning goals into dashboards leadership can track.
- **Automates repetitive analysis** with AI agents built on Claude, the no-code/AI fluency a lean founder's office leans on.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Shaped AP26 revenue models and site-transition strategy** directly with senior executives, the direct-to-leadership operating rhythm this seat runs.
- **Built the Bleeders and Leakers program** end to end: a dashboard tracking 1,200 opportunities against a $627M target across 3 regions, a process-improvement build from scratch.
- **Recovered $700K+ in margin in 2 quarters**, raising distributor and channel-partner margins from 53% to 61% by repricing parts sold through distribution.
- **Ran the leadership decks and OKR reviews** that turned the plan into execution, then was promoted to Pricing Lead in 10 months.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Owned GTM for new sensing products** across North America and Europe, a new-business initiative run start to finish, driving $2M+ in first-year revenue.

- **Cut client churn 50%** through retail media (Amazon Ads, Criteo) and account strategy, then built the leadership decks and OKR reviews that kept the D2C accounts on target.
- **Used Amplitude and Tableau** across 30+ campaigns to lift ROAS 40%, and ran PPC across international, non-English markets for the same D2C portfolio.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Delivered 16x ROAS for D2C e-commerce brands** by rebuilding Google Merchant Center and Meta catalog feeds, then connected regional, localization and analytics teams as the main liaison across the business.
- **Ran database audits and built dashboards**, improving data accessibility 30% for the team reading those goals.

PROJECTS

SwipeHire

- **Built an AI job-matching platform** zero-to-one (Python, OpenAI API, React) with no team to hand off to: wrote the PRD, scoped the MVP and got it to 50+ early users.
