EXPERIENCE

Founder & CEO, PriceKeel

May 2026 - Present

- Designed the **audit trail** that gives Finance a documented record behind every pricing decision, the keep-process-moving-with-Finance rigor this role applies to contracts and procurement.
- Sell against legacy CPQ and deal-desk tooling to **RevOps, Sales leadership and Finance** while running pilots and the investor process in parallel, a one-person operation where nothing moves unless it stays organized.

- Automate repetitive analysis with **AI agents built on Claude**, cutting manual work out of recurring reporting, the build-your-own-tools habit this posting names directly.
- Partner with **Sales, Engineering and Accounts** to turn field and technical input into one forecasting view, the cross-functional handoff work this role runs across the marketing and comms team.
- Build **leadership decks** and run **OKRs with weekly and quarterly business reviews**, carrying P&L and revenue targets for the role.

Pricing Lead, Sensata Technologies

Jul 2025 - May 2026

- Recovered **\$700K+ in margin in 2 quarters** by tracing \$433M in dashboard-surfaced gaps to root cause and closing them, not just reporting the number up to leadership.
- Shaped **AP26 revenue models** and multimillion-dollar customer quotes alongside senior executives, serving as a trusted operating partner to leadership.
- Delivered **leadership decks** and OKRs with weekly and quarterly business reviews that kept planning cycles and priorities current between launches.

PROJECTS
