EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Designed a **guardrail engine** that recommends an explainable discount guardrail learned from each company's own closed-won and closed-lost deals, then built the audit trail that gives Finance evidence it can trust.
- Set up and run the company's **CRM and CPQ**, forecast and pipeline reviews, and deal approvals end to end, running pilots with early customers and raising the first round, the end-to-end deal-strategy ownership this seat holds for enterprise opportunities.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Built **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so pricing keeps pace with demand, the same thought-leadership-on-pricing instinct Decagon is asking for on its own agentic AI solutions.
- Translated **field input from Sales, Engineering and Accounts** into one market view, then built forecasting and market-sizing models across multiple product groups for a fast-growing enterprise GTM org.
- Automates repetitive pricing analysis with **AI agents built on Claude**, carrying P&L and revenue targets and running leadership decks with weekly and quarterly business reviews.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders & Leakers program: negotiations built on competitive gaps and customer willingness to pay, the deal-strategy and negotiation discipline a commercial seat runs on every enterprise opportunity.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution and documenting the internal process behind it to scale with growth.
- Built the **FY2026 Bleeders & Leakers Power BI dashboard**: 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps for leadership to prioritize.
- Negotiated **multimillion-dollar customer proposals that closed deals**, partnering with senior executives on AP26 revenue models and driving +12% YoY revenue and +8% market share through price realignment benchmarked against 10+ key players.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, including pricing, packaging and channel structuring, driving $2M+ first-year revenue, the enterprise launch build this role scales for Decagon's customer base.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023
