## EXPERIENCE

**Founder & CEO, PriceKeel** May 2026 - Present

- Founded and runs **PriceKeel** end to end with a founder's mindset, moving between strategy and ground-level execution on a decision-integrity layer for B2B SaaS deal pricing, owning product, pilots and fundraising with no team to hand any of it to.
- Built the **CRM, CPQ, forecast-and-pipeline-review and deal-approval frameworks** from zero, operationalizing strategic intent into the measurable mechanics that get the company to its first close.
- Runs **pilots with early customers** and is raising the company's first round, turning a market with no existing playbook into a weekly plan where speed is the only real advantage.

**Strategic Marketing III, Applied Materials** Jun 2026 - Present

- Acts as the **connective tissue between Sales, Engineering and Accounts**, turning field and technical input into one market-sizing view for the global semiconductor business.
- Builds **competitive, value-based pricing** and forecasts market inflection points across multiple product groups, operationalizing a strategic read into a pricing framework before demand catches up.
- Carries **P&L and revenue targets** while running the OKR cadence, leadership decks and weekly and quarterly business reviews that turn the quarter's priorities into tracked outcomes.
- Automates repetitive market and competitive analysis with **AI agents built on Claude**, the AI-led efficiency play a growth-stage leadership team should be running everywhere, not just here.

**Pricing Lead, Sensata Technologies** Jul 2025 - May 2026

- Shaped **AP26 revenue models and site-transition strategy** directly with senior executives for the Industrial BU, a multi-$100M business, carrying P&L and revenue targets.
- Led the **Bleeders and Leakers program** end to end, turning a vague margin mandate into deep-dive analysis across 3 regions and 20 product lines: a $433M whitespace shortlist leadership could act on.
- Recovered **$700K+ in margin in 2 quarters** negotiating directly on competitive gaps and customer willingness to pay, raising distributor and channel-partner margins from 53% to 61%.
- Ran **OKRs and leadership decks** across weekly and quarterly business reviews; promoted from Product & Growth Marketing to Pricing Lead in 10 months on the speed of that execution.

**Product & Growth Marketing, Sensata Technologies** Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe end to end (positioning, pricing, channel, launch), driving $2M+ in first-year revenue with no existing playbook to follow.
- Drove a **100+ feature backlog** with Engineering in Agile across 3 regions, the same cross-functional project ownership a strategic-initiatives seat runs on.

**Digital Marketing Manager, Plug Power** Oct 2022 - Jul 2023

- Hired and managed **marketing team members**, then built the plans and forecasts presented to the leadership team for budget approval.
- Owned **$100K/month in marketing budgets** across multiple business units, tying spend decisions to measured performance for leadership sign-off.

**Customer Success Manager, Pixis (AI Platform)** Jul 2021 - Sep 2022

- Hired and managed an **8-person team running 8 client accounts** with per-client budgets of $15K-$90K/month, carrying P&L targets while cutting client churn 50%.
- Built **leadership decks** and ran OKRs across weekly and quarterly business reviews, reporting recommendations directly to senior management.

**Senior Digital Marketing Analyst, GenY Medium** Jan 2020 - Jun 2021

- Acted as the main **liaison across regional marketing, localization and analytics teams**, closing loops no single function owned.
